The vacation is a best reason which family members reunite with yourself,

it forces us to get rid thoroughly from the daily life, leave your all time for family member completely, also caused us to discover what the most important thing is in this world - - love and emotion, for staying with most loved person, the life only then fills with the new hope and move forever.

**SUNLIGHT DAY,
YOUR SHADOW,**

is flowing in my palm,
looks like your gentle
long hair, tracks
down your blurred
look, drunk in your
eyes, the tranquil
bathroom, lets all
things become
perfect.

I AM SUMMONING IT, FEELING IT AND TOUCHING IT,

I thought that it is one kind of acme magnificence, is one kind of omnipresent existence. Crystallizes in art, condenses in the time, sublimates in the human nature. It is nimble and resourceful, twinkle, accidental, mystical, precious; Also therefore is lonely. Anything has not been more sacred, also does not have anything to be worth with recording; We still believe in beauty, are pursuing beauty.

A BLOOMING ROSE PUNCTURED DUST THEN SHAKED OFF,

only let the wind, rain, dew, sunset glow and pride of the morning comfort carefully. The smiling seemed as pear flower with rain stretches finally in the transparent encirclement, the finger also no longer hurry to reverse handle. You are the rose, docile actually uninhibited; The rose is you, gorgeous actually does not decorate, perhaps only occurs in this gentle moment.

Behind this space, there is a sea of thought,

if there is not the up and down of the sea waves, and perhaps it will not be able to create this magnificent space. However, the idea of space and the soul of the times combined together, another scenery will come up in the sea. Who is still performing a dance in the water, set off numerous waves, interpreted the space perfectly, the good scenery will exist often.
